CORRIGENDUM

No. AIIMS/Pat/ENT/Instrument/2016/273  Dated: 03/05/2016

After pre-bid meeting on 29.04.2016 following corrigendum is issued:

1. Specification of container mentioned at the end of each set as “It should have reusable microbial barriers instead of disposable filters. The microbial barriers should be easy to remove and clean.” Should be read as “It should have reusable and auto-clavable filters for all the containers.”

2. In Nasal set item no 43 and 44 will be read as “SPATULA, MALLEAB, 16MM, 20CM” and “SPATULA, MALLEAB, 25MM, 20CM”.
